

Register Now! Hurricane Season is June 1 – November 30

Vulnerable Population Registry

The Vulnerable Population Registry is a program that allows people who would be at risk following a hurricane to register in advance so that emergency workers may plan a better response during a recovery effort. The Registry is a joint partnership between all municipalities and Broward County. Each city may use the Vulnerable Population Registry list in a different way, based on their city's recovery effort.

Who should register?

You should register in the Vulnerable Population Registry if you elect to stay at home during a hurricane and have a disability, frailty or health issue that would make you vulnerable in an emergency. If you live in an evacuation zone, you should plan to evacuate. Registration does not guarantee that you will be provided services or placed on a priority list for emergency responders. However, it will help your community be better prepared to respond.

How do I register?

The easiest way to register is online at www.broward.org/atrisk. You can register yourself, or a family member or caregiver can register for you, if you authorize them to do so. If you don't have access to a computer, you can also register by calling your city's emergency management agency, or the Broward County Call Center at **954-831-4000 (TTY 954-831-3940)**.

Remember...

- Register only once. If you move, or no longer want to be included in the Registry, call your city or the Broward County Call Center to update or delete your registration.
- Registration is not a guarantee that you will be provided services or placed on a priority list for emergency responders, but it will help your city better respond during a recovery effort.
- All information will be held in the strictest confidence as required by State law.

Special Medical Needs Shelters

If you have a special medical need and live in an evacuation zone, you can call **954-537-2888 (TTY 954-537-2882)** to request information about registering for a Broward County Special Medical Needs Shelter. Registration for the special medical needs shelter requires your physician's involvement, and should be completed in advance, before a storm threatens.
